

## QUALITY POLICY

### ISO 9001: 2008

Automatic Fire & Integrated Solutions undertakes contracts which involve providing products and systems which form an integral part of our customers **Fire and Life Safety Systems**. We have an In-House Certified Quality Assurance System complying with the requirements of **ISO 9001: 2008** which ensures that we achieve our policy of fulfilling our customer's requirements:-

**ON TIME**

**TO SPECIFICATION**

**AT AN AGREED PRICE**

We are committed to developing Automatic Fire & Integrated Solutions to its full potential and for enhancing the quality of service we provide to our Customers. We will do this in part by adopting the best of industry working practices and employing the latest design and manufacturing technology.

We are committed to ensuring Quality for our customers by adopting, implementing and achieving the requirements of ISO 9001: 2008.

The Board of Directors fully endorses this policy and will support all who implement it.

PHILIP A MC DONALD  
Managing Director
